Dit is vandag my voorreg om die veiling te begin met die heel laaste TJ-saad wat ooit verkoop sal word. TJ, 'n kampioenbul, wat ook 'n nasionale kampioenbul geteel het, het eintlik geen bekenstelling in die Angus-bedryf nodig nie. Die kwaliteit vroulike diere wat hy in die Loumotta-kudde, sowel as vele ander kuddes, nagelaat het, het reeds hulle merk gemaak. Iets wat ek persoonlik altyd van TJ sal onthou, is sy geweldige breedte van agter wat regdeur oor sy rug geloop het. TJ is een van dié beste bulle wat Loumotta ooit geteel het!

Here is another limited opportunity to acquire a proven and power-packed herd sire! Hulk's dominant maternal line traces back to the Gold Cup winner, Sky Athena. His own dam, LVR 503, sold for a whopping R200 000 to Mark Hattingh, from Australia, at a previous Angus Alliance sale. To top it off, Hulk is also the sire to the 2011 National Grand Champion and Gold Cup winner, Loumotta Sugar.

Ons bied vanjaar weer embryo's aan op die veiling. Ons spoel jaarliks van ons beste koeie en voel dat ons die genetika kan deel met ander telers. RCM 11155 is ons beste Major Man-dogter en teel besonders. Ons het al 2 van haar seuns gebruik en haar 2019 verskalf is 'n top vers. Met Gazella in haar teling is sy 'n moet. Ons het 3 bulle gebruik met die spoeling naamlik Intripid, Declaration en PHD 1558. Daar is 5 embryo's beskikbaar.

This flushing is the same breeding as Roechama Juke. He was the 2013 National Reserve Jnr Champion bull and is an AI bull at CRV X Seed. We are offering 2 bulls today that have Juke daughters as their dams. This is proven genetics. The bull that was used JMS 04 183 was the National Champion bull in 2008. 5 embryos available.

Die eerste bul op vandag se veiling, is ook die eerste Concrete-seun wat op 'n Alliance-veiling aangebied word. Concrete is verkoop vir R220 000 aan Reino Basson van Namibië. Sugar Daddy se Elite-ma was 12 jaar oud toe sy aan hom geboorte gegee het. Haar gemiddelde TKP was 367 dae oor 11 kalwers. Die balans tussen Angus-karakter en uitstekende bouvorm maak van hierdie bul 'n waardige Lot 1.

Powermode is a very wide-based bull with lots of muscle expression. His muscling is most evident in his exceptional hindquarters. He is a red gene carrier: if you use him on red females, 50% of the calves will be red. This potential herd sire is backed, on the father's side, by Power Eye, who is one of the most predominant Red Angus bulls in the world currently. His mom, AC 14-40, is a beautiful cow with a lovely udder and traces back to the past S.A. champion, Meqautling Magna.

Charlie would have represented the breed in the Vleissentraal growth test show at Bloem Show this year. It was unfortunately cancelled due to Covid19. He won the Phase D class at the Nationals in 2019 in Moorreesburg. We used him in the herd this past summer. His dam is one of my favourites and her 2019 heifer calf will definitely be in the show string for 2021. Charlie has excellent legs, depth of body and masculinity.

Hierdie is 'n uitstaande jong Angusbul! Soos al die JK 14-35-seuns, het Gibson buitengewoon goeie haarkwaliteit. Hy is 'n langlyfbul met sigbare bespierung op sy voorarm, oor sy rug en in sy agterkwart. Sy ma is 'n uitstekende koei met 'n TKP van 367 oor 5 kalwers. Sy ouma, AC 06-178, is 'n top skenkerkoei waarvan embryo-nageslag reeds in 3 stoetkuddes gebore is.

Outlaw - Leachman Kingdom, Outlaw's father, is probably the most influential Red Angus bull of his time and he combined very well with Loumotta Nellie. What the beautiful Nellie brings to the table is exceptional fertility; she has an ICP of 364 days over 8 calves. Outlaw is moderate-framed, moves well and has adequate muscling.

I am proud to start the Alliance female offering with a heifer like this one! Her National Champion sire, Bertus, sold at a previous Alliance sale for R170 000, is known for the excellent females that he produces. His females have exceptional udder quality. On her dam's side her mom is the product of an embryo flushing of the legendary Elsie Red Victory and Loumotta Lassie 448, which is also the maternal sister to Loumotta TJ (lot 1 of the semen offering today).

Ek beskou die Gazella-koeilyn as een van die heel beste vroulike lyne in Suid-Afrika. Kyk gerus na die vroulikheid, strukturele korrektheid en kapasiteit van hierdie uitsonderlike Gazella! Ek glo sy het die vermoë om 'n reuse impak in enige kudde te maak. Weereens uitstekende syfers! Let veral op na haar melksyfer: +11. Dit plaas haar onder die top 6% in die ras.

Lassie 14 is the only Equalizer daughter to sell today. Equalizer is, in our opinion, the best Gazella son that we have ever bred. There is only one semen straw left that we will use for an embryo flushing. On the dam's side, the Lassie cowline bred some awesome studbulls, like Loumotta TJ and, in recent times, Loumotta JR.

'n Dogter van die huidige Nasionale Kampioenbul, Roechama Elegance. Ons Elegance-dogters beïndruk ons baie; hulle het goeie lengte van lyf, goeie toplyne en baie breedte. Hierdie vers verkoop ons vandag met 'n swaar hart. Met Mulberry, Fully Loaded en Major League in die stamboom, is sy besonders.

During a visit to Rheeboksplaat, I selected this heifer's mom due to her structural correctness, exceptional udder and teat placement. GT 190516 is a very good example of typical Angus characteristics and, coming from the cold mountains of the Ceres area, will adapt anywhere in South-Africa.

Lettie is 'n koei met 'n baie goeie toplyn en diepte. Haar 2019-kalf wat sy gespeen het, is een van ons gunsteling op die stadium. Sy is 7 maande dragtig van Vansia Freedom.

This cow's dam, JMS 09 499 is our oldest cow on the farm; she had 9 calves in 11 years with a ICP of 366 days, and her granddam, JMS 99 946 also had 9 calves in 11 years with a ICP of 389 days. This is proof of longevity and fertility in this cow family. And if you want proof of her breeding capabilities, take a look at her son, Vision, selling as Lot 12 today. She sells with heifer calf JMS 20 276, born 16/5/2020, birth mass 38kg of Red Towaw Orazi Calidad. Runs with Vansia Freedom until sale day.
